

Certificate of Non-Use

If you are returning a part that was ordered in error and are requesting a credit or return authorization from, you must notify the sales representative of your intent and receive authorization. Once a return authorization form is generated and issued you must complete the form below. Note, without this form, without all original documents returned and the required authorized signature completed, credit will not be issued.

Certification

I _____ have received authorization from Ad Astra Aviation, which is in reference to RMA# _____ to return the above noted part number with a _____ % restock fee. I hereby attest to the fact that this unit was not installed in an aircraft, not used for testing, tampered with or subject to mishandling in any way. I understand if upon incoming inspection it is determined that there is evidence of mis-use, my company will be contacted and advised that the original transaction will remain, along with an costs incurred to return the unit to the condition in which it was shipped to the customer.
